## Technical specifications

Power supply:	180 - 264V (50/60Hz)
Smalles interval:	1 min.
Weight:	approx. 150 g
Display:	LCD
Battery capacity:	150 hours
Number of circuits:	1 voltage free contact SPDT
Load:	16A 250VAC
Operation temperature:	Min. -10 Max. 55°C
Storage temperature:	Min. -20 Max. 70°C
Power consumption:	5VA
